### **Important events to be reported:** Conclusion of a significant contract

The management of 2B Intelligent Soft S.A. (the "Company") informs the market in respect to the signing of a significant contract, which value exceeds 10% of the total revenue of the last annual financial statements. Contract details are provided below:

**Seller / Contractor:** 2B Intelligent Soft S.A.

**Client:** the contract is signed between the Company and Adrem Engineering S.R.L., an entity not affiliated to the Company, which operates in the field of services, more precisely in the energy and utilities industry. The final beneficiary of the contract (the client) is the Energy Metering Operator on the Wholesale Market, an organizational entity that is part of Transelectrica;

**Type of contract:** supply of products and services contract;

**Total value of the contract:** The total value of the contract is EUR 1,702,099.34 (to which VAT is added);

**Subject of the contract:** The delivery of a complex IT solution consisting of hardware equipment and the execution of associated services within the project "Metering and data management system for electricity measurement on the wholesale market"

**Duration of the contract:** the duration of the contract is 11 years, respectively the period 2022 - 2033.

The contract has 2 main components:

- a component for the delivery of hardware products with delivery date until the end of 2022 (representing approximately 70% of the total value of the contract);
- a service delivery component for a period of 9 years - without exceeding the end of 2033. The period will begin after the delivery of the products (this component represents approximately 30% of the total value of the contract).

The Company will keep the market informed of any material changes to the information presented above.

Radu Scarlat

President of the Board of Directors
